

Want a year out or GCSEs not as high as you expected?

Apply to **A100 post A-level**

Great if you want a year out of academia, with the extra money you can earn plus interesting life experiences that can make you a better doctor

Good A-level grades improve your chance of being invited to interview

5 years for your MBBCh

A100

Want an additional degree in a specialist subject?

Spend just one year intercalating between Yr 3 & 4 or Yr 4 & 5 in one of our many approved degree programmes

Looking for an interesting UCAS 5th choice that lets you apply for Medicine further down the line?

Do a feeder stream degree then apply to **A101**

High achievers in one of our four feeder stream degrees can apply to study Medicine

If successful at interview, you will join Yr 2 of the MBBCh

Bonus: you leave medical school with two degrees

7 years

(3 years for your BSc + 4 years for your MBBCh)

A101

Looking for something different for your UCAS 5th choice?

Didn't realise until recently that you wanted to become a doctor?

Get a **2:1 Hons** in any recognised undergraduate degree then apply to **A100**

Great if you can't wait for student life to begin

Study a subject that you love - History/ Business etc. - before starting a future in Medicine

Lower A-level grades considered

Bonus: You leave medical school with two degrees

A100 - 8 years

(3 years for your first degree + 5 years for your MBBCh)

A100

Great GCSEs and the right A-level subjects?

Apply to **A100** in October of Yr 13

Great if you can't wait for student life to begin

5 years for your MBBCh

A100

Wrong subjects but right grades at A-level?

We have an alternative.
